NAVAMITRAA AGRITECH

AN ISO 9001:2015 CERTIFIED COMPANY

About us

We, **Navamitraa Agri Tech**. is an Agri based company in Hyderabad, Telangana, India established as a processor and involved in the procurement, production and trading of agriculture-based commodities and products like Plant growth promoter, Bio stimulant, flowering stimulant and Plant nutrients, which are primarily used for various agricultural crops and organic farming. Our range is acknowledged for attributes like safe usage, effectiveness, precise PH value and accurate chemical composition. Our comprehensive range of products is developed using plant-based alkaloids, which are combined with Micro-biological enzymes to make these highly suitable for protection against various pests and plant diseases. These products are formulated as per the set quality norms using the most advanced methodologies and techniques. Furthermore, it is also ensured that these do not leave any residue after application. Also, these are processed in such a manner so as to make these completely environment-friendly, which makes these most preferred by our clients. We value our relationship with our customers and hope to communicate our appreciation to them through our out standing. guaranteed product quality, personal services and efficiency delivery solutions. Our commitment towards our Customers is reflected in our honest and responsible business practices aimed at improving consumer and supplier economies.

Bio Products

JET ZYME

Naturally derived product which can make the plant healthy and vigorous and improves resistance against pest and diseases.
Crops: Cotton, Chilli, Other field & Vegetable crops.
Dosage: 2.5ml. 1ltr. of water.
Available sizes: 1000ml, 500ml, 250ml

NAVA BLOOM

Phytotonic product for Flowering & Plant Growth in All Crops
Crops: Cotton, Chilli, Other field & Vegetable crop
Dosage: 2.5 ml 1Ltr. of Water.
Available sizes: 1000Ltr, 500ml, 250ml

NAVAXIN GOLD

Naturally derived product which can the plant healthy and vigorous and improves resistance against pest and diseases.
Crops: Cotton, Chilli, Other field & Vegetable crop
Dosage: 2.5ml 1Ltr. of Water.
Available sizes: 1000Ltr, 500ml

N-CARB

The nutrients in seaweed fertilizers promote early flowering, stronger crops and increased sugar content in fruit.
Plant resistance to nematodes disease and pests increase.
Recommended Crops: Paddy, Chilli, Cotton, Sugarcane, Groundnuts, Pulses, Banana, Mango, Citrus, Jasmine, Roses, Tomato and other vegetables,
Dosage: Soil Application/Foliar Spray 500 gms per acre, 3-5 gm 1 liter of water

MAYURA GOLD

Is an effective and long duration protection from early shoot borer and top borer with its unique mode of action.

Dosage:4 kg/acre

Recommended crops: Turmeric, Sugarcane, Ginger, Watermelon, Groundnut, Onion, Cotton, Chilli, Paddy, Wheat, Maize, Vegetable Crops, Floriculture & Horticulture crops.

Available sizes: 4Kg

BHUSIRI GOLD

Granules for soil application in all crops having Seaweed Extract with Humic and Fulvic Acid

Crops: Cotton, Chilli, Other field & Vegetable crops.

Dosage: 8kg /acre.

Available sizes: 10kg, 8kg, 5kg

KOHINOOR

Is an effective organic product improves the resistance for Stem borer and Leaf folder in Paddy Crop.

Dosage: 2.5ml 1ltr. of water.

Crops: Turmeric, Sugarcane, Ginger, Watermelon, Groundnut, Onion, Cotton, Chilli, Paddy, Wheat, Maize, Vegetable Crops, Floriculture & Horticulture crops.

Available sizes:1000ml, 500ml, 250ml.

EXODON

Organic product growth and improves resistance for Thrips & Mites

Dosage: 2.5ml 1ltr. of water.

Crops: All Crops

Available Sizes: 1000ml, 500ml, 250ml

Soil Applications

NAVA NUTRON

Naturally derived product which can make the plant healthy and vigorous and improves resistance against pest and diseases.

Crops: Cotton, Chilli, Other field & Vegetable crops.

Dosage: 2.5ml 1ltr. of water.

Available sizes: 1000ml, 500ml, 250ml.

TRISHUL

Is an effective organic product improves the resistance for Spodoptera, Thrips & Mites and promotes growth in all crops.

Crops: Cotton, Chilli, Other field & Vegetable crops.

Dosage: 1ml+1ml 1ltr. of water.

Available sizes: 100ml+100gm, 50ml+50gm.

NAVASIRI ZINC

Navasiri Zinc 33% Controls physiological Disorders like little leaf of apple, mottle leaf of frenching of citrus, Sickle leaf of cocoa, rosetting of apple and rubber, white bud in maize, rosetti in cotton, Iron rust/bronzing/Khaira Diseases in rice.

Crops: Paddy, Chilli, Cotton, Tomato, Citrus, Brinjal, Redgram, Tobacco, Pulses, Grapes, Mango, Melons, Gourds, all other Field, Vegetable & Fruit Crops.

Dosage: 5-10kg of per 1acre.

NAVASIRI SOIL STAR

Navasiri soil star increases the crop yield by correcting micro nutrient Deficiencies and ensuring better nutrient balance.

Crops: Paddy, Chilli, Cotton, Tomato, Citrus, Brinjal, Redgram, Potato, Pulses, Grapes, Mango, Melons, Gourds, all other Field, Vegetable & Fruit Crops.

Dosage: 5-10kg of per 1acre

NAVASIRI BORON 20%

Navasiri Boron 20% Quickly eliminates Boron deficiency. **Navasiri Boron 20%** Helps in development of pollen grains, seed and fruit settings. **Navasiri Boron 20%** Increases quality of the fruits.

Usage and Dosage: Dissolve 1.0-1.5 gms of **Navasiri Boron 20%** in one litre of water and spray uniformly on the leaves after 30 days of germination/transplantation/new emergence of leaves after pruning. Second spray after 20-30 days. Use sticking and spreading agent for better absorption.

NAVASIRI MEG 9.6%

Navasiri Meg 9.6% a source of magnesium. **Navasiri Meg 9.6%** helps in prevent and control chlorosis (Yellowing of plant foliage due to magnesium deficiency). **Navasiri Meg 9.6%** use in correcting magnesium deficiency in all plants.

Dosage: 2.5-5g **Navasiri Meg 9.6%** per 1itr of water

Crops: Chilli, Cotton, Tomato, Flowers, Fruits, Vegetables and other field and Horticultural crops.

NAVASIRI ZINC 12%

Navasiri Zinc12% contains 12% EDTA Chelated Zinc. Less quantity of **Navasiri Zinc12%** is required to correct Zinc deficiency and to maintain zinc level in plants.

Composition: EDTA Chelated Zinc 12%

Crops: Paddy, Chilli, Cotton, Turmeric, Tomato, Tobacco, Bhendi, Bengal Gram, Brinjal, Pulses and other field and Horticultural crops.

Dosage: 1gm of **Navasiri Zinc12%** per 1ltr. of water

NAVASIRI ZINC 33%

Navasiri Zinc 33% contains Zinc in Zinc Sulphate Mono Hydrate form.

Navasiri Zinc 33% contains 33% Zinc along with Sulphur 15% which is the most deficient Secondary nutrient

Navasiri Zinc 33% is free flowing therefore easy to apply.

If crop more deficient then **Navasiri Zinc 33%** can be repeated at 7-10 days.

Composition: Zinc Sulphate Mono Hydrate ZnSO, H,O Zinc (Zn) 33% min. by wtand Sulphur (S) 15%

Dosage: 3-5 gms **Navasiri Zinc 33%** por 1 liter of water.

NAVASIRI F6

Navasiri F6 is a liquid Micro nutrient Mixture (Formulation-6) specially blended for cash crops like Cotton, Vegetables and all field and horticultural crops. **Navasiri F6** ensures qualitative improvements in the plants, reduces flower and fruit drop, improves disease resistivity, and increases crop yields by 20-25%. **Navasiri F6** prevents and corrects trace element deficiency.

Dosage: 2.5ml **Navasiri F6** per liter of water.

NAVASIRI POTASH

Navasiri Potash Premium Organic Product Potash.
Potan Ootassian for than it crucial for various Plant functionity including photosynthesis nutrient improve product quality.
Crops: All Crops
Dosage: 2.5ml of per 1ltr of water.

NAVASIRI MAX

Navasiri Max is a Micro nutrient Mixture specialy blended for cash crops like Citrus, Cotton, Chillies. Vegetables and all field and horticultural crops.
Navasiri Max ensures qualitative improvements in the plants, reduces flower and fruit drop, improves disease resistivity, and increases crop yield.
Navasiri Max prevents and corrects trace element deficiency
Dosage: 2.5 to 3.5ml **Navasiri Max** per 1 lir of water.

NAVASIRI ZINC 39.5%

- **Navasiri Zinc-oxy** is a highly concentrated free flowing zinc formulation.
- **Navasiri Zinc-oxy** required an a very low dose fewer applications are required.
- **Navasiri Zinc-oxy** is in the form of nano particles which supports faster absorption.
- **Dosage:** 1-1.5 ml per 1 Ltr of water
- **Crops:** Paddy, Citrus, Cotton, Chilli, Vegetables, Various Field and Horticultural Crops and All Kinds of Crops.

- Soil Application
- Liquid Fertilizer
- Organic Fertilizer
- Bio Stimulant
- Straight Micro Nutrients
- Water Soluble Fertilizer
